

# Wilder Rincon iriarte

Software Developer || Data Engineer

+573026078056 wildsrincon.developer@gmail.com

## Summary

Dynamic and detail-oriented Software Engineer with 5+ years of experience in designing and developing scalable applications, now transitioning to Data Engineering. Skilled in Python, JavaScript, React, Next JS, SQL and cloud platforms like AWS, with a strong foundation in software development and problem-solving. Proficient in building ETL pipelines, managing large datasets, and implementing data-driven solutions to support business objectives. Adept at leveraging programming expertise and analytical skills to extract insights, optimize workflows, and deliver robust data systems. Excited to apply a software development background to create efficient, scalable, and reliable software solutions.

## Experience

**Brito Marketing**  
Master CRM Developer  
<https://britocrm.com>

April 2024 - Present  
Miami Florida
